PROFESSIONAL AND OTHER EXPERIENCE

Present	As you read this lines, I surely have launched a couple of **new exciting projects**...
2013 Jun.-Sep.	**Cloud Ops Intern**, ADOBE, San Jose CA, United States
Oct.-Apr. 2014	**Business System Analyst**, ADOBE, Remotly from Lyon, France
11 months	Focusing on building tools and technologies to enable Adobe to make data-driven decisions more quickly, I am tackling complicated Cloud computing challenges while creating a Cloud billing analysis platform, reshaping Github Homepage and creating infographics to present our offering. *Using:* AWS, Ruby (On Rails), Javascript (AngularJS, Node, D3...), Adobe Creative Suite.
2006 - Present *8 years*	**Founder**, KEEWEB, Aix-en-Provence, France We are helping companies to find their way in digital technologies. Mainly consulting on web and mobile applications, we are focusing on original and efficient design. As a whole, we are also working on corporate branding, digital communication and marketing. *Using:* HTML5/CSS3, Javascript, PHP/SQL, Adobe Creative Suite, WordPress, Magento.
2013 Jan.-Apr. *4 months*	**UIX Designer and developer**, ETIC Insa (Junior Entreprise, 100k€), Lyon, France Designing an Android Application for ERDF, the French electricity provider (12 Tera € turnover). The tablet controls a city mockup, explaining the benefits of the SmartGrid system. *Using:* Android SDK and an ARDUINO controller.
2011 - 2013 *2 years*	**Head of the communication team**, INSA Students Office (5500 persons, 80 k€), Lyon, France Designing new products & managing the team of 25 persons (website, advertising, Fb, newsletter). *Also:* Member of the **Board of Directors** and of the **Information System** team.
2012 - 2013 *1 year*	**Co-Founder and Technical Maintainer**, BEL EGO, Marseille, France Creating a new jewel brand (products, logo, shooting, website, facebook). Designed an online-shopping website based on Magento and provide technical maintenance.
Summer 2012 *2 months*	**Web Developer and Designer (**Trainee), COMPETENTIA, Marseille, France Designed an **in-house training solution** for an famous insurance company.
